CERTIFICATION OF GRADE POINT AVERAGE AND RANKING

Name: Rui Zhou

Student ID: 2100015933

Date of Birth: December 19, 2003

This is to certify that as of this date, Rui Zhou has completed six semesters of coursework and has achieved a Grade Point Average (GPA) of 3.841/4.000. The student ranks 14 out of 129 students in the major.

Peking University adopts the Grade Point Average (GPA) as a reference standard for evaluating the quality of students' academic performance (Course Credit Points = Course Grade Points × Credits). The formula for converting percentage grades to GPA is as follows:

$$\text{Course Grade Points} = 4 - \frac{3(100 - X)^2}{1600}, \quad (60 \leq X \leq 100)$$

where X is the course score, with a maximum GPA of 4.00 for a score of 100 and a minimum GPA of 1.00 for a score of 60. Scores below 60 have a GPA of 0.

The semester or cumulative GPA is calculated as:

GPA = Sum of Credit Points of All Courses ÷ Sum of Credits of All Courses.

Courses graded using non-percentage systems, comprehensive exams, and thesis grades are not included in the GPA calculation. Grades such as EX (Exemption), I (Incomplete), IP (In Progress), P (Pass), NP (Not Pass), and W (Withdrawal) are also excluded from the GPA calculation.

If there are any questions regarding this certification, please contact the UG & PG Programs Office at (86-10)-62747073.
